

Title : C5 introduction and overview
Time : 11:00 – 13:00, Oct 25
Chair : Markus Amann
Attendees : Mike Holland, Denise Mauzerall, Till Spranger,
Minutes by : Wilfried Winiwarter

Aim

Setup of component C5

Presentations

Topics discussed with Issue, decisions/conclusions and actions

Issue: temporal progression of component
 Decision: ozone flux can be taken on early, possible refinements towards and of the project
 Action: Collect available information on an ecosystem response on ozone flux from other components

Issue: prioritizing valuation concepts
 Decision: Natura2000 areas as an EU policy target may act as a “strict” constraint
 Action: Markus, Jean-Paul Hettelingh and Mike to visit with DG ENV air pollution & Natura2000 experts (mid-November)

Issue: valuation – other priorities
 Decision: biodiversity seems promising
 Action: Mike to check biodiversity core indicators (5 related to N)

Issue: coordination of valuation activities
 Decision: Meeting of sub-group on WP18, possibly in Copenhagen/Roskilde/Gothenburg
 Action: Mike to coordinate

Decisions

Action	Due	Who
